PEOPLE FORCED TO FLEE 2011-2021

New displacements by conflict and disasters in 2020

The country and territory names and figures are shown only when the total new displacements value exceeds 20,000. Due to rounding, some totals may not correspond with the sum of the separate figures. The boundaries and the names shown and the designations used on this map do not imply official endorsement or acceptance by IDMC.

Reduced Environmental
Footprint

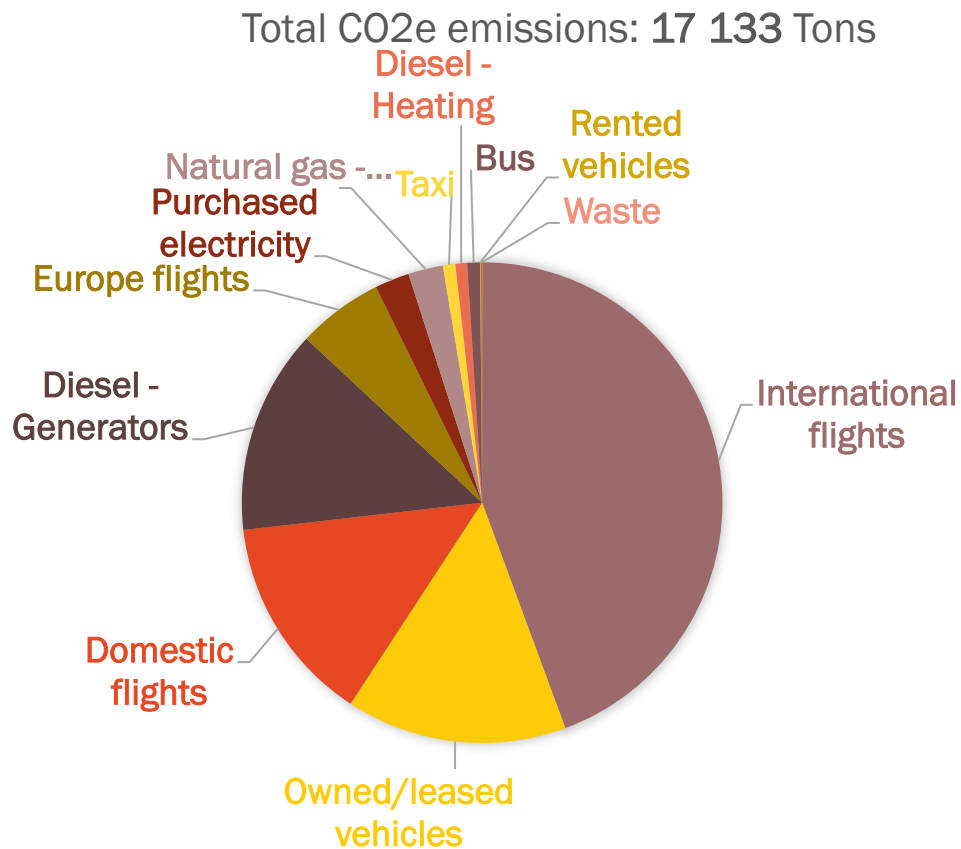

Efforts to address the impact
of climate change on
displacement affected people

NRC's Pledge

NRC commits to work towards making ourselves, the communities we serve and the wider humanitarian sector carbon neutral.

We support the UNHCR Challenge to provide all refugee settlements and host communities access to clean energy by 2030.
